Most people have no idea what the United States represents. Ayn Rand understood America's political essence down to its roots. TextbookOfAmericanism.com Best known as the author of "Atlas ...

In 1946, before she had achieved fame, Ayn Rand wrote a series of articles called A Textbook of Americanism. The series was supposed to consist of twelve articles, but for reasons unexplained she stopped after four. She did, however, leave a list of questions she intended to answer in the other eight, and this book is an effort by modern Objectivists to finish the job.

Featuring Rand's full 1946 work plus essays from the New Intellectuals, including Leonard Peikoff, and never-before-published discussions with Ayn Rand. Rand once called the United States "the only moral country in the history of the world." A New Textbook of Americanism explores the reasons for her judgment.

Over 72 years in the making, A New Textbook of Americanism: The Politics of Ayn Rand blazons the principle on which America was founded—individualism....

Featuring never before released material from Ayn Rand... about politics! Most people have no idea what the United States represents. Ayn Rand did grasp America's political essence down to its roots. World-famous as the author of Atlas Shrugged, Rand emigrated from Russia to the United States in 1926 at the age of twenty-one. Upon her arrival, she discovered that the collectivist politics of Russia, and Europe in general, were taking hold in America.

Imagine you could get your hands on material written by Ayn Rand that has never been released before. That's pretty awesome. Now imagine that, along with that material, you could get additional essays by some of the top Objectivist intellectuals in the world.
