African Political Systems is an academic anthology edited by the anthropologists Meyer Fortes and E. E. Evans-Pritchard which was published by Oxford University Press on the behalf of the International African Institute in 1940. The book contains eight separate papers produced by scholars working in the field of anthropology, each of which focuses in on a different society in Sub-Saharan Africa.

Preface. By A. R. Radcliffe-Brown.--Introduction. By M. Fortes and E. E. Evans-Pritchard. The kingdom of the Zulu of South Africa. By Max Gluckman.--The political organization of the Ngwato of Bechuanaland protectorate.

The political systems of most African nations are based on forms of government put in place by colonial authorities during the era of European rule. Because these governmental institutions reject the indigenous political systems on which African society was built, they have generally failed to bring political stability. Many local and regional ...

Abstract. African political systems and institutions were traditionally based on kinship and on lineage (that is, on common ancestry), sanctioned by a founding myth. First, they were based on an elaborate system of checks and balances.

POLITICAL PARTIES. There is no shortage of political parties in South Africa. However, only a small number of parties have real influence and power. Indeed, since the overthrow of apartheid and the introduction of universal suffrage, one political party has utterly dominated South African politics and power: the African National Congress (ANC ...

African political systems are described in a number of textbooks and general books on African history. Ehret 2002 emphasizes the diversity and long history of precolonial social and political formations, whereas Curtin, et al. 1995 focuses on social, economic, and intellectual trends up to the end of the colonial era.

An introduction to African politics, this course will provide for its participants a general survey of the main issues regarding politics in the continent. Areas covered range from political system types, political economies, and political cultures of diverse African countries and regions. The department of political science has designated this course as a second writing course. As a result ...

South Africa is a parliamentary representative democratic republic, wherein the President of South Africa, elected by parliament, is the head of government, and of a multi-party system. Executive power is exercised by the government. Legislative power is vested in both the government and the two chambers of Parliament, the Council of Provinces and the National Assembly.
