Whenever I think of Evernight and it's memorable characters, I think about when I first started Evernight in early 2010 (Evernight is actually the first YA book I ever bought, now that I think about it) and how it's always had a special place in my heart ever since. The first book in the series is my favorite, by far, and I constantly reread that one because reading Lucas and Bianca's relationship build was one of the cutest things ever and I can never get enough of it.
