David Bentley Hart provides a bold correction of the New Atheists's misrepresentations of the Christian past, countering their polemics with a brilliant account of Christianity and its message of human charity as the most revolutionary movement in all of Western history.

The emphasis is more on the 'Christian Revolution' than the 'Delusions' thank God, though clearly they largely form one object. After seeing an interview whereby Hart explained he was made to introduce the Title 'Atheist Delusions', this didn't surprise me as it has others. I was not expecting normal 'apologetics' and wasn't disappointed therefore.

The arguments of "New Atheism" have been as boisterous as they have been flawed. Yet, not until the arrival of this book Atheist Delusions: The Christian Revolution and its Fashionable Enemies, has anyone so forcefully, so completely, and so compellingly dismantled atheistic arguments.

Following is my review of Atheist Delusions: The Christian Revolution and Its Fashionable Enemies, by David Bentley Hart (Yale University Press, April 2009).
