caruso smethod of voice production thescientific culture ofthevoice by p.mario marafioti, m.d. preface by victor mattle cadica enterprises p.o.box9127 austin 17,texas

Written by a noted laryngologist and student of voice who devoted much of his career to working with Caruso and other singers, the book proposes a method of voice culture based on well-defined physiological laws. According to Dr. Marafioti, there is only one right way to sing — a method based on the scientific principles of voice culture. Although Caruso instinctively sang that way, the methods can be learned by any singer.

the scientific culture of the voice by P. MARIO MARAFIOTI, M.D. Pasqual Mario Marafioti, M.D. was so inspired by the celebrated singer Enrico Caruso that he spent time observing and researching his vocal production to produce this book published in 1922.
