Circle of Fire is the first book in the Damask Circle series by Keri Arthur. It takes place in the same world as the Nikki and Michael series but is separate. It is not necessary to read one to understand the other. As a fan of the Nikki and Michael series I had high hopes for this book. Unfortunately it didnt quite meet my expectations.

I found this book to be interesting enough but not quite as good as a lot of K Arthurs' other books. Perhaps it is a little slow in getting to some background facts of the actual Damask Circle and what it represents. I do enjoy this author very much and will continue to read her next books in this series...
