Titled 'life as an international undercover IRA activist', this tedious, worthless dross is no such thing. After 300 pages of turgid rubbish you will know as much or as little about the author's IRA activities as you did at the start. If you want to spend hours ploughing through utterly boring stories about his life and times, go ahead. But if you are expecting an IRA book, don't bother wasting your money.

'Looking back, my life was like riding on the wind with death travelling at speed not far behind.' The exotic, colourful and secretive life of the CIA's most-wanted IRA man.
