

Download From Physics To Metaphysics Tarner Lectures

This video is unavailable. Watch Queue Queue. Watch Queue Queue

Metaphysics is the foundation for every system of philosophy, from Plato onwards. Philosophy that ignores or disagrees with science in general, and physics in particular, is bad philosophy. This book establishes a scientific metaphysics. From a scientific metaphysics, one can go on to learn about scientific systems of philosophy. Complete systems include the several other branches of philosophy from epistemology to ethics. These scientific systems are worth finding.
