Hope for the Hollow is a practical, relevant devotional/ journal guide to gently encourage and inspire women to dare to replace lies with the glorious, revealing truth regarding their bodies. Each of the thirty devotionals includes an applicable passage of Scripture dealing with underlying themes of eating disorders such as guilt, shame, control, fear, and pride.

This devotional is written for women with full-on, life-threatening eating disorders like anorexia and bullimia. I happened to pick it up while it was on a Kindle free promo, even though my dysfunctional relationship with food isn't that severe.
