Warning: this is the 2nd book in a series, in which, contentwise, all books rely heavily on each other. They really aren't standalone-novels and you cannot read them out of order or separately - and one can't review them without spoiling what happened in the book[s] before.

The second novel in the Jessica McClain series is a full on action adventure featuring one angry Goddess and plenty of monsters, demons, and a few newly risen beasties...

Jessica McClain is the only female werewolf in existence. She is also the strongest, fastest and most powerful among werewolves. Not even her father, the strongest Alpha, can force her to obey him if she doesn't do it willingly.
