Book 2 of 2: Raven's Revenge picks up right where Raven's Seduction left off. If you haven't read Raven's Seduction, you need to read that one first. If you haven't read Raven's Seduction, you need to read that one first.

This author is brilliant I first came across M.T with her Nights with Kate series and needed more, The Pleasure Pros certainly hits the spot just loved this series thought Ravens Seduction was good and didn't think this book could be any better how wrong I was, loved how the revenge came together and the HEA. Looking forward to Blades story (have already read the first chapter from the website and its certainly a winner) cannot wait.

Tantalizing Such a great story. Gotta love suspense, revenge and pleasure all in the same book. Loved Gunner and Raven. Such chemistry. Another hit from this author.
