Kat Redding is the very thing she hunts: a vampire, thirsting for blood, capable of killing any creature unlucky enough to get in her path. The difference is, Kat kills her own kind in order to protect human Purebloods. She's good at what she does. Good enough to earn the nickname Lady Death--and the enmity of every bloodthirsty being around. But now a vampire Count is intent on merging his House with a werewolf cult to create a force of terrifying power.
